

Winslow Township Government Energy Aggregation Program

May 26, 2016

Dear Winslow Township Resident:

Recently, the township took advantage of a state law that allows us to establish a Government Energy Aggregation Program. This program permits the aggregation of all residential customers within the township for the purpose of competitively purchasing electricity at lower rates than are currently available from your electric utility. The electricity consumption of all residential customers currently taking default electricity supply from Atlantic City Electric (ACE) in the Winslow Township was combined and used to receive competitive bids from NJ BPU licensed suppliers to procure this electric supply service and provide savings to our residents.

Here's How the Program Works:

The result of the competitive bid process is a rate that is lower than what ACE currently charges for the energy supply portion of your bill.¹ This program offers a fixed, non-variable rate, and is designed to offer a reduced rate without the risk of rate increases; unlike other variable Third Party Supply (TPS) contracts. This means the rate will remain fixed for the entire term of the contract.

Bid Results: The bid results are **\$ 0.09782/kWh** offered by TriEagle Energy compared to ACE's average Price to Compare rate of \$ 0.1067/kWh. This rate will not go into effect until the enrollments begin in August, 2016 and will be offered through your October, 2017 meter read. For example, if your monthly electric usage is 850/kWh, your bill under this program will be \$83.15 for the supply portion versus \$90.70 that you would have paid with ACE providing the supply, saving you \$7.55.

Your electricity will continue to be delivered by ACE, and the delivery costs will continue to be billed to you at the regulated rate. ACE will continue to provide all billing services² for your account (you will continue to remit payment directly to ACE). Additionally, ACE will continue to provide all emergency and safety services, as well as customer services such as meter reading, and service restoration. Again, under this program, you will continue to receive a single bill from ACE and will remit payment directly to them.

In accordance with the State's program requirements, as a Winslow Township resident, you will be automatically enrolled in the program unless you opt-out by July 7, 2016. Once enrolled, you may leave at any time and you will **never have to pay any fees associated with joining or leaving the program.**³

As a residential electric customer who has not chosen a Third Party Supplier (TPS) for your electric supply, you will be automatically enrolled in this program unless you indicate your desire not to participate by completing and mailing the attached response card by July 7, 2016, or by calling 877-933-2453 to opt-out. Should you have questions regarding the program, TriEagle Energy's Customer Care team can assist at 877-933-2453. Please note that wait times may be longer during high call time periods, and please have your bill handy.

¹ ACE rates could increase or decrease during the course of this program, which would affect the anticipated level of customer savings. Savings cannot be guaranteed over the term of the agreement. ACE charges can change quarterly and are posted on the ACE website.

² Other billing arrangements may apply for customers who do not remain current with their bills.

³ Leaving the program is subject to the timing of meter readings and typically takes one full meter read cycle.

Winslow Township Energy Aggregation Program

Winslow Township Government Energy Aggregation Program Summary

TriEagle Energy Contact Information:	<p>TriEagle Energy (BPU License # ESL-0134) Toll Free Telephone Number: (877)-933-2453 Website: www.trieagleenergy.com Address: 2620 Technology Forest Dr., The Woodlands, TX 77381 Email Address: customercare@trieagleenergy.com</p>
Price Structure:	Non-Variable Price
Generation/Supply Price:	\$0.09782 per kilowatt hour
Statement Regarding Savings:	The program supply price is approximately 8% below the average ACE supply price of \$0.1067/kWh.
Amount of Time Required to Change Back to Default Service or Another TPS:	The request to switch out of the program will become effective on the next available meter read date in accordance with State-approved processes implemented by ACE.
Incentives:	None
Right to Opt-Out/Rescind/Cancel:	<p>Eligible residents will be automatically enrolled in the program unless you indicate your desire not to participate by submitting an 'opt-out' request within 30 days of the postmark on this notice. If you choose to 'opt-out' of the program, please sign and return the enclosed postage-paid card, call TriEagle toll-free at 877-933-2453, or email customercare@trieagleenergy.com (Subject: Winslow Township Opt-Out).
