## **International High School**

## TLBU Global System

TLBU is an educational institution consisted of a number of educational institutions throughout the world. Through the educational exchange programs, all these institutions are purposed to achieve two very distinctive goals: to educate future leaders of our global society and to strengthen international cooperation and friendship through educational exchange.

TLBU system is composed of TLBU Graduate School of Law in Seoul, TLBU Global School, TLBU Institute in Paris, and TLBU International High School in the United States.

**TLBU Graduate School of Law in Seoul** is the first educational organization of TLBU system. The goal of TLBU Graduate School of Law in Seoul is to educate future leaders of Asia in the field of law to strengthen international cooperation that we anticipate will eventually lead to the common prosperity and peace to the world. TLBU Graduate School of Law in Seoul provides full scholarship to all students. They are outstanding students graduated from the best law schools in China, Cambodia, Vietnam, Laos, Thailand, Indonesia, Malaysia, Japan, Korea, and other Asian Nations.

**TLBU Global School** is the first bilingual elementary and secondary school approved and accredited from Korean Ministry of Education. The school is designed to provide unique bilingual education in Korean and English languages by combining the Korean and U.S. curriculums to achieve desirable educational program proper to the demand of global society.

"I am proud to announce a partnership with TLBU International High School in the formation of a wonderful educational experience in Winslow Township."

Hon. Barry Wright, Mayor of Winslow Township

TLBU International High School offers a competitive curriculum exceeding the requirements for high school graduation in the United States. Our educational programs are designed to ensure our students receive a quality education in the United States and to assure admittance to outstanding universities.

## After School Program

To guarantee academic success, TLBU International High School will provide our students with an "After School Program" as a supplement to their regular day school program. This program will insure students develop the skills necessary to be admitted to top universities. Our supervisors and mentors will work individually with students to find out their strengths and weaknesses. Through this program, students will also become familiar with career and educational options available to them at universities which match their special talents.

## Weekend Global Program

In addition to rigorous academic instruction, TLBU International High School will provide an experiential education for students. Beside intensive and comprehensive weekday classes, students will take part in an extensive "Weekend Global Program" including field study and visit to prestigious universities. Students will explore cultural and historical sites, international organizations, and famous universities in important cities like Washington D.C., Philadelphia, and New York City.

# Global Culture and Ethics (GCE)

One of the important goals of TLBU is to educate future leaders. We believe leaders should have a strong conviction to care for others. Therefore, we intentionally teach our students the importance of caring for their parents, people in their home community, their country, and the world community. TLBU International High School will provide students with a special program to develop their understanding of global culture and ethics. Through this program, students will also learn about great people and their spiritual strength.

In class, students will use multimedia program to study the lives of great people like Mother Teresa, Don Bosco, and Saint Francis of Assisi. We will study the life of Buddha, East-Asian Ethics, and the importance of God in world history.

## Mentoring System

TLBU Global School has been very successful in part because of our mentoring system. Our mentors give encouragement, motivation, and inspiration to help students achieve their dreams. They are motivated lawyers and scientists who have been successful in their academic and professional careers.

## Principal and Teachers

**Mr. Richard A. Goldberg**, principal, has 40-year experiences in education as a teacher, principal, curriculum designer, and superintendent.

**Ms. Karen Vargas**, science teacher, obtained her doctor of podiatry degree from Pennsylvania College of Podiatric Medicine - Temple University in Philadelphia, PA. She continued her training at the Hospital of the University of Pennsylvania - Presbyterian Hospital. Training and educating others has been her life mission, and that has led her to teaching Biological Sciences full time since 2010.

**Mr. Frank Fuller**, social science teacher, obtained his Ph.D. in Political Science from Clark Atlanta University in Atlanta, GA and Ed.S. in Technology from University of South Florida in Temple, FL. He has had various teaching experiences with international students in high schools and colleges in the United States of America.

**Ms. Cherie Calletta**, English teacher, obtained her Master in English Literature from Rutgers University in New Brunswick, NJ. She has extensive teaching experience in both local and international schools including Japan and Germany as well as private and public institutions in the United States.
